THE MOSLEMS POISON WELLS

NEW DANGER CONFRONTS THE CHRISTIANS IN TURKEY

The European War Scare Quieting Down Today—Servian Army Occupies Durazzo But the Turkish Batteries Are Winning Victory in the Battle At Chataldja

Constantinople, Nov. 13.—A new danger confronts the Christians in Turkey. The Moslems are poisoning the wells, and a number of deaths have already occurred. Cholera and typhoid are spreading. An average of fifty new cases a day are being reported. Thousands of Christians have fled to the cities of the district, in greatly increased numbers since the Balkan troubles opened. The Turkish batteries are checking great losses on the Chataldja lines.

Belgrade, Nov. 13.—It is reported today that the Persian army has occupied Tabreez, meeting great resistance from King Charles to Empress Frederic's design.

In front of the Serbian capital a time honored landmark is disappearing. It is declared that guns will not be thrown in the Turko-Servian difficulties.

Wounded Servian soldier leaving army hospital with his mother and daughter. The reverses and disaster been able since the Balkan armies have followed the victorious armies of their countries is one of the most striking incidents of the present struggle.

Jerusalem, Nov. 13.—A dispatch received from Salta has reported that negotiations by the Bulgarian army in Budapest had reached an amicable settlement. The matter was given the element of Bulgarians, the Turkish people are to participate in the struggle.

London, Nov. 13.—A dispatch received from Salta has reported that negotiations by the Bulgarian army in Budapest had reached an amicable settlement. The matter was given the element of Bulgarians, the Turkish people are to participate in the struggle.

London, Nov. 13.—There was an error last night when news came from Constantinople as to how the great battle at Tchataldja is going. The Bulgarians are losing but the Turks are making a better showing than had been reported. On the other hand it is claimed that Turkey is making a strategic retreat.

In the other fields of war there is no change from the progress of the allies. The Servians and Greeks have occupied Monastir, where it is reported, all the Turks, the commander of the Turkish garrison, is expected to offer a vigorous resistance.

Montenegrins Suffer Setback

The Montenegrins have suffered a setback in their struggle against the Turkish forces, based upon the report of the Bulgarian army in Budapest. The Greek advance in the direction of Janina also appears to be retarded. It is probable that weather conditions have made it difficult the slow progress.

In the diplomatic field as much as the volcanoes is reported. Important conferences continue at Budapest, where the former premier of Roumania, F. P. Carp, arrived today with a list of demands which Austria-Hungary is expected to accept. Rumors are rife that Austria-Hungary is preparing to mobilize her troops
