Thank you for your birthday card to an 80 year old aunt. Sorry I missed your day but I was ill.

On Friday, 7-22, at 6:00 AM. I had Levi, my grandson, drive me to S.P. Hospital. I had pain in right leg from my ankle up to hip and could not walk on it. I had done nothing to hurt it. This is the leg with the artificial knee. After 6 X-rays the doctor found nothing, gave me pain pills, use a hot pad every 4 hrs for 15 min. Go to my own doctor on Monday and have him check me.

Monday saw my doctor - found nothing. I must have pinched a nerve in the knee.

On August 2nd had an appointment with my skin doctor in Ventura (20 miles from S.P.). He removed a skin cancer from my face near my nose & mouth. He sent a specimen to Ventura Hospital for testing to make sure he got it all. He did. Sorry I missed your birthday but was busy.

This summer had work done on foundation of house (front by the front door) to keep water from going into basement thru the walls. Last December had rain go into basement thru walls covering floor ankle deep. Had the fire dept come out & pump water out.

If I knew where to go, I would sell + move!
If I move Levi and Trevor would live on the streets.
They both lost their jobs this spring. They are
looking - but nothing so far.

Trevor made a vegt garden this summer.
We have tomatoes, corn, cucumbers, green beans,
cantaloupe, green onions + broccoli. It is his first
garden.

I hate to watch the news on TV. Sure hope we
get a new president in 2012!!

Received a nice card from Anne. I hope she is
feeling better.

My heart doctor is pleased with my blood work.
See no problem. Blood pressure is 122.

David is still in Portland working for the
County of Wash-Ore. Thinks he will retire in 3 years.
He will be 60 yrs + single but has a girlfriend now.

Tom lives in Fillmore, Cal. He lives on
disability from Edison + County. He has four children.
From his first marriage he has Johnathan who works for
the city in Grants Pass, Ore - lives with his mother; Jessica
his daughter, is a school teacher in Eugene, Ore, and got
married last year. From second marriage he has Joe who
is a student in college at Laramie, Wyo., pledged Sigma Chi
and is in 2nd - 3rd year in school + works.

Tommy, 10 yrs old, is from his third wife & lives in Fillmore with his mother & Tom.

Sorry to hear about Betsy & her illness. I wish her well.

I guess this is all to tell you about my exciting life in S.P. I'm ready to go on a trip but don't know when!

Thanks again for the card & take care of yourself.

Love
Lucille
